MIPTV is 50, and so are we! This MIPTV marks the 50th time that the MEDIA Programme of the European Union has hosted European independents on a stand at MIPTV or MIPCOM. This catalogue showcases the productions of European companies on the stand at MIPTV 2013, and contains full details of all the companies to be found on the stand at H4.35 on the 4th and 5th floors of the Palais des Festivals.

You are welcome to stop by and meet some of the 250 producers, distributors and content providers gathered under the MEDIA umbrella. The catalogue contains information on companies with dedicated booths (and a plan of how to find them). Otherwise, the hostesses at the Welcome Desk on the 4th floor will be happy to set up meetings for you with anyone on the stand.

We also have a who's who console in the welcome area, so you can check what someone looks like and also send an e-mail message to anyone you want to contact. They can arrange to meet you in a room with screening facilities or you can have coffee together in the bar and lounge area.

Or just stop by the bar on the 5th floor for a glass of wine during our Happy Hour from 5-7 p.m. each day.

The MEDIA Programme aims to strengthen the European audiovisual industry. It is the largest public source of finance for the circulation for European audiovisual work – providing funding for training, development, distribution and promotion.
